

Person Specification

Our SAG is made up a wide range of individuals from lots of different backgrounds. All will have the following qualities & experiences:

- Community group leaders from diverse EM backgrounds across the Central Belt
- Individual EM community members with lived experience relevant to the project's strands
- Representatives with expertise in climate action, community engagement, and/or equality issues

Timeline

The planned development and role of the SAG include the following:

Year 1:

- Co-create the project's Theory of Change with Changeworks
- Shape early delivery plans for Nature & Energy strands

Years 2-4:

- Ongoing Input & Monitoring • Quarterly meetings to review progress, outcomes, and feedback from communities.
- Annual participation in an Impact Assessment Event.
- Provide targeted advice on adapting delivery to emerging needs.
- Support communications and promotion of key milestones.

End of Project: Sustainability & Legacy

- Input into final evaluation and lessons learned
- Recommendations for maintaining networks, resources, and community capacity post-project

Meeting Frequency

- Monthly meetings (online or in person / hybrid) in first 6 months of the project
- Quarterly meetings after 6 months
- Ad hoc consultations via email or phone as required by project needs
- Participation in the national learning event.

What we offer:

- A fee of £80 your input and expertise.
- All travel costs to and from meetings.
- Refreshments & catering at all in person meetings.
- We cover all childcare costs incurred while attending meetings.
- A chance to meet and network with other professional and community members passionate about climate justice.
